SUMMARY

To build a successful career in the field of Computer Technology by applying and continuously developing my technical knowledge and skills. I seek to contribute my creativity, competence, and problem-solving abilities as part of a team while supporting the organization's growth and success. I am also eager to expand my knowledge, gain practical experience, and develop a better understanding of real-world challenges.

EDUCATION

B.Sc.Engineering in Computer Science & Engineering (CSE)

Spring, 2020 - Fall, 2023

Bangladesh University Of Business And Technology

Address : Rupnagar, Mirpur-2, 1216, Dhaka, Bangladesh

Major : Artificial Intelligence (AI)

CGPA: 3.63 (Out of 4.00)

Session: 2019-20

WORK EXPERIENCE

Digital Marketing Executive (Tahmid It Part)

Nov 2025 - Present

Manage digital marketing campaigns, social media activities, and content promotion. Coordinate multiple tasks while maintaining deadlines and effective communication. Support online brand growth through digital content and campaign activities.

THESIS WORK

A Deep Learning Approach to Emotion Based Music Recommendations

2022- 2023

Objective: Developed a deep learning model to predict facial expressions and recommend music based on emotional states.

Key Contributions: Facial Expression Prediction Classified emotions into five categories Happy, Sad, Angry, Surprised, and Neutral. Music Recommendations Suggested personalized music tailored to emotional states

Technologies Used: CNN, ResNet50v2 for deep learning and emotion detection. Gradio API for interactive and user-friendly deployment.

PROJECT WORK

E-Commerce Website

- Discover the perfect gift for every occasion at Gift Shop, your go-to online destination. With our user-friendly interface powered by PHP and JavaScript, shopping for thoughtful presents has never been easier.

E-Commerce Application

2023 - 2023

- As the developer of YourTechBD, an innovative e-commerce application that I created using Java and Android Studio, I designed the app to offer a diverse selection of cutting-edge gadgets and electronics, making the latest technology easily accessible to customers.

Pharmacy Management System

- Created a Pharmacy Management System in C# with user-friendly interfaces for both users and admins, enabling medication purchases and efficient administrative control in a seamlessly integrated platform.

Airline Reservation System

2020 - 2021

- Created an intuitive online airline ticket reservation system using Java and JFrame, improving the booking process with user-friendly interfaces, real-time availability checks, and secure payment integration for travelers.

Khorcha AI – AI-Powered Expense Tracker

- Developed a bilingual personal finance tracker using React, TypeScript, Express.js, and Google Gemini API with natural-language expense parsing, budgeting analytics, and PDF financial reporting.

Library Management System

2020 - 2020

- Developed a library management system with MySQL database and JavaScript, streamlining cataloging, user management, and resource tracking for efficient library operations.

Emergency Fire Alarm System & Home Appliances

2022 - 2022

- IoT-based Fire Alarm System using Arduino Uno, as part of a Microprocessor course, demonstrating hardware and software integration for real-time fire detection and alerts. An Internet of Things (IoT) course, device connectivity, and smart home automation all encompass an IoT-based home appliance control system.

TECHNICAL SKILLS

- Programming:** C++, Java, JavaScript, HTML, CSS
- Frontend Development:** React.js, Responsive Web Design, REST API, JSON
- Database:** MySQL, MongoDB
- Data Structures & Algorithms:** Data Structures, Algorithms, Problem Solving
- Tools & Version Control:** Git, GitHub, VS Code
- Operating Systems:** Windows, Linux
- AI/ML:** PyTorch, TensorFlow
- Productivity:** Microsoft Word, Excel, PowerPoint

SOFT SKILLS

- Problem Solving
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

EXTRA CURRICULUM ACTIVITIES

- Treasurer
BUBT Social Welfare Club.

PROFESSIONAL CERTIFICATIONS

Certification 1 : Innovation Research Idea Competition - 2023

- Institute : Bangladesh University Of Business & Technology
- Address : Rupnagar, Mirpur-2, 1216, Dhaka, Bangladesh
- Duration : 23/11/2023 to 30/11/2023

Certification 2 : ICPC Asia Dhaka Regional Site Contest - 2023

- Institute : Bangladesh University Of Business & Technology
- Address : Rupnagar, Mirpur-2, 1216, Dhaka, Bangladesh
- Duration : 23/11/2023 to 30/11/2023
